6. The Sponsorship Management System (SMS)

- 6.1 UKVI's Sponsor Management System is the online platform which is used to maintain the Student Sponsor Licence.
- 6.2 The SMS is the means by which a student specific Confirmation of Acceptance for Study (CAS) is generated.
- 6.3 A CAS is an electronic code number which is used within the Student Visa application process so the drafting and issuing of CAS can only be completed by authorised members of staff.
- 6.4 Each Student Sponsor is required to establish Level 1 (full system access) and Level 2 (read only system access) users of the SMS system.
- 6.5 The Authorising officer checks the SMS regularly to ensure that Level 1 and 2 User details are up to date and remain appropriate.
- 6.6 The Authorising officer will remove any Level 1 or 2 Users from the SMS where they cease to be employed by King's Bruton and Hazlegrove School.
- 6.7 Level 1 and 2 Users must never share their username and / or passwords with anyone.

7. Confirmation of Acceptance for Studies (CAS)

- 7.1 Confirmation of Acceptance for Studies (CAS) are digital codes which are used in the Student visa application process.
- 7.2 There are two routes you can use to sponsor a student. These are the Student and Child Student routes. The Child Student route is for students aged 4-17. Child Students may only be educated at independent schools. The Student route is for students aged 18 or over.

7.3 Before assigning a CAS to a student, authorised members of staff must consider whether:

They are assigning a CAS under the appropriate Student or Child Student route

- They are complying with the law and have legitimate intent to study at King's Bruton or Hazlegrove School.
- The academic requirements are met or correct exemption applied
- The level of study
- The student intends and is able to follow the course of study concerned
- The student will successfully complete their course on the date specified on the CAS
- The course the student intends to follow will lead to an approved qualification
- The student is aware of their responsibility to abide by the conditions of their Student or Child Student visa, including their obligation to study at their sponsor institution (unless studying at a partner institution or undertaking supplementary study), their working restrictions and that they will leave the UK when their visa expires unless they have obtained further permission to stay
- The CAS you are assigning is for a course that represents academic progression if the student is continuing their studies and is applying from within the UK

We are currently allocated 60 Child Student CAS and 2 Student CAS. A Student Sponsor must apply to the UKVI to renew their CAS allocation annually, our current allocation expires on 07/02/2026. Each annual request must be based on the projected number of students that the sponsor intends to sponsor during any UKVI reporting period.

8. UKVI Audit Procedure

- 8.1 In the event of a Student Sponsor audit, the authorising officer must be contacted directly to arrange a suitable date. The authorising officer is required to be present. On the day of inspection, the UKVI inspector(s) must be asked for their identification documents and provided with a Visitors Identity Badge before they access any UKVI registered school site. No documentation, or student records are to be discussed until identity has been established. UKVI will require access to student files to assess retention of 'Appendix D' documentation as well as other documents used for record keeping as well as care arrangements.

These documents include:

- Current passport / national identity doc (EEA students)
- UK visa(s) and BRP card (if applicable) front and back, or
- eVisa (digital version of immigration status)

- Check and note entry date to the UK for example entry stamp, e-ticket, boarding pass
- History of the student's contact details (address, phone number) - regularly updated
- Evidence of student's attendance and absence records
- Copies of all evidence used when assigning the CAS
- Evidence of care arrangements for students under 18 for example Parental Consent letter and accompanying proof of relationship with parents i.e. birth certificate, Letter of Undertaking from the Guardian

8.2 In addition, UKVI will require access to King's Bruton and Hazlegrove School's policies and procedures and marketing materials linked to student sponsorship and compliance.

8.3 The following colleagues will be involved should King's Bruton or Hazlegrove School be audited by UKVI:

9. Sponsorship Reporting Duties

9.1 Reporting Changes of Circumstances (Sponsored Students)

a. If a student withdraws from their course before they travel to the UK

We must:

- Report the activity to UKVI within 10 working days
- Tell UKVI if the student is joining another institution and the name and address of that institution if known.

b. If a student's start date is delayed before they enter the UK but after they have been granted entry clearance

We must:

- Agree with the student whether they can still complete the course within the dates given on their visa. If they can, we need not report anything. **If they can't, we must:**
- Assign a new CAS
- Advise the student to apply to vary their leave to include a later finish date.

c. If a student does not enrol within the enrolment period.

We must:

- Report it to UKVI within 10 working days of the enrolment period ending, including the reasons for non-enrolment, for example;
 - a) they missed their flight;
 - b) they decided not to come to the UK;
 - c) they delayed their enrolment;
 - d) they are doing a course with a different sponsor; or
 - e) UKVI have refused them permission to come to, or stay in, the UK.

If UKVI has refused a student permission to come to, or stay in, the UK, we do not need to report the non-enrolment as soon as we become aware of the refusal. The time-limit is still 10 working days from the date the enrolment period ends.

d. If a student misses 10 consecutive expected contact points.

We can either:

- Report a tenth missed contact, or the date the student has stopped academically engaging whenever it occurs during the year; or
- Set two checkpoints during any rolling 12-month period. We must report any students who have stopped academically engaging or missed 10 consecutive expected contacts, without us reasonably giving them permission leading up to that checkpoint, and we are withdrawing sponsorship of the student.

e. If a student defers their studies after they have arrived in the UK and is no longer actively studying

We may continue to sponsor a student who has deferred their studies for up to a maximum of 60 days providing we can continue to carry out our sponsorship duties and the student will be able to complete their course within their existing period of permission. If we think the student will not resume their studies after 60 days, we must withdraw sponsorship.

In exceptional circumstances, such as serious illness or injury, we may continue to sponsor a student for longer than 60 days, providing the student can still complete their course within their existing period of permission when they resume their studies.

We must decide whether we are prepared to continue sponsoring a student during a deferral and, if necessary, provide evidence to verify this decision to UKVI compliance officers.

We must report that the student has deferred their studies within 10 working days of agreeing to the deferral. If we withdraw sponsorship, the student's permission to stay is no longer valid and we must advise them to leave the UK.

Once the student is ready to resume their studies, **we must** assign a new CAS and the student must reapply for a new visa.

f. If we are withdrawing a student from their course.

We must:

- Tell the UKVI within 10 working days of knowing about the issue
- Explain, for example;
 - a) The student has not met our requirements
 - b) The awarding body stops running the course or stops trading.

If a student to whom we have issued a CAS intends to request administrative review of a decision to refuse their visa application, and we will continue to sponsor them if the refusal is overturned, we must not withdraw sponsorship until the review has been concluded. Report such students as non-enrolments in accordance with c. above, unless we are withdrawing sponsorship for other reasons.

g. If we stop sponsoring a student because they:

- commence a study abroad programme overseas and do not plan to return to the UK or we do not want to continue to be responsible for them while they are out of the UK • move into a different immigration category with a different sponsor; • move into an immigration category that does not need a sponsor; or
- complete the course sooner than expected.

We must:

- Tell UKVI about it within 10 working days of knowing about the issue.

h. If there is a significant change in a student's

circumstances These include:

- a change in where they study or do their work placement;
- anything that suggests that they are breaking the conditions of their permission to stay in the UK, such as working in breach of their conditions.

We must:

Report the change to UKVI within 10 working days of knowing about it.

If we suspect that a student is not a genuine student.

We must:

Report this by e-mail to the Home Office as soon as possible.

9.2 Information we do not have to report

We do not need to tell UKVI if:

- a. We have given a Student permission to miss a contact or expected academic engagement event.
- b. We have decided not to withdraw sponsorship even though a Student has missed 10 consecutive contacts. This should be very rare and we must keep evidence of our decision and the reasoning behind it as UKVI compliance officers will monitor these exceptions.

l. If we become an academy or a school maintained by a local authority

We must:

- Use the SMS to notify us as soon as possible and provide UKVI with details of the conversion

At the point we become an academy or school maintained by a local authority, our CAS allocation will be set to zero and we will not be allowed to sponsor any new students. Any CAS assigned prior to the conversion may still be used to support a visa application. UKVI will also process any visa application supported by a CAS that we have assigned, which has been made but not yet been decided at the point we become an academy or school maintained by a local authority.

Students or Child Students already studying with us at the time of the conversion may complete their current course of study but may not commence a new course with us.

We must continue to fulfil our sponsor duties, including reporting on our students and applying for a Basic Compliance Assessment, until you have taught our existing Students or Child Students, after which we must surrender our licence.
